A CIVIC CENTER

EZRA PARKER WOULD OPEN HIGH SCHOOL EQUIPMENT TO PUBLIC USE

"It were better to pursue the pleasures we now have than to fly to those we know not of," paraphrased Ezra Parker in an earnest plea for a more general use and enjoyment of the buildings and equipment of the High School campus. "They are ours. We paid for them, didn't we?", he challenged, and none of the men or women to whom he addressed the question said him nay.

"You know," he went on, "I have opposed this park project, but it isn't because I disapprove of a municipal center or of providing wholesome amusements for Glendale's population, old and young, in their hours of leisure. Look at that campus, its splendid tennis courts and ball field and gymnasium, practically deserted after four o'clock on five days in the week and all day Saturday and Sunday! What guarantee have we if we spend $200,000 for the park and civic center we have been talking about that we would use them? When we have bought and equipped it, we will have to spend a considerable sum annually for physical directors and upkeep, and after a while we shall be called upon to vote a bond issue for an auditorium for the High School.

"My proposition is this: That the City Trustees enter into an arrangement with the High School Trustees to take the control of the High School buildings and grounds—or so much of them as may be needed,—after the hour of say 5 o'clock and throw them open to the general public as a civic center for athletic sports under the supervision of competent and responsible men and women directors who would see that they were used in a proper and orderly way.

At the same time the school auditorium and the school gym could be used for popular entertainment and dancing, also under supervision. There is no reason why, with the civic center we already own, we cannot provide so much wholesome amusement of the sort young people demand that there will be no occasion for them to motor to Venice for it. I would be glad to go to the gym to a dance every Saturday night, and to see those courts occupied on Sundays by boys who have no chance on other days. Let's see how much use we can make of the plant we have before we go in debt for a bigger one.

"It will cost something to light it at night, and to pay the salaries of directors, but no more than the cost of the one we have been talking about, and a few seats on the beautiful school campus would make of it quite a park for the transient use of the tourist or passerby looking for a pleasant out-of-door place in which to rest."

RAINFALL RECORD

The rains of the past few days have amounted to a fall of .06 of an inch. This brings the season's total up to 11.82 inches, just 4.01 inches less than the seasonal average.

RED CROSS MEETING

THE GLENDALE ORGANIZATION TRANSMITS $2500 TO NATIONAL ORGANIZATION

Yesterday there was a meeting of the Board of Directors of the Glendale Red Cross Chapter at which Mrs. H. E. Bartlett, chairman; Mrs. John Robert White, Jr., secretary; Mrs. Robert Blackburn, C. D. Lusby and Ezra Parker were present. It was the regular monthly meeting and besides the reception of the monthly statement of receipts and expenditures, assets and liabilities there was not much to be considered except the odds and ends of business.

Reports were presented showing that the departments of sewing and knitting will soon be things of the past. In sight of the board members were two big packing cases filled with garments made by the needlewomen who have sewed for the Chapter and the inventory prepared by the cashier showed that these contained:

1000 girls' under garments
65 girls' nightgowns
100 boys' blouse suits
17 miscellaneous articles.

These will be shipped today (Friday) or Saturday.

A call is going out for the return of all Red Cross knitting in the hands of workers, whether finished or not, and the socks, sweaters and shawls on hand as well as the considerable quantity of unused wool will be packed and shipped the first of the week. That will reduce the work of the Red Cross to salvage and to the very

A HEARTLESS ACT

AUTOIST SPEEDS AWAY AFTER WRECKING ANOTHER CAR AND CRUSHING DRIVER

Yesterday afternoon at 2:10, as Harry M. Agnew, lineman for the Pacific Telephone Company, was returning from La Canada, his Ford touring car was run into in rounding the sharp curve about a mile south of Montrose, by a big touring car, the driver of which backed his car out of the wreck and, taking a devious course, rushed away from the scene at top speed. D. H. Marsh of Los Angeles, who was not far behind Mr. Agnew in his machine, stopped by the wrecked Ford and discovered Mr. Agnew lying unconscious underneath it. With the help of a nearby resident who heard the crash, saw the big car speeding away and was hurrying to the scene of the accident, he drew the unconscious form from under the ruined Ford and hurried with it to the Glendale Sanitarium, where it was found that Mr. Agnew's skull was fractured. He had not recovered consciousness this morning. Mr. Agnew is 37 years of age and has a wife and two children. The family lives in Pasadena.

The country is being scoured for the heartless perpetrator of this crime of leaving the victim of his criminal carelessness to die in the road.

BECOMES PRACTIPEDIST

This city now has a Graduate Practipedist to look after the comfort of its feet. Dave Carney, of Carney's Shoe Store, 112 E. Broadway, has just graduated and received his diploma from the American School of Practipedics, of Chicago.

Practipedics is the new science of giving foot comfort in the shoe store through scientific shoe fitting and the intelligent use and trained fitting of the foot comfort devices invented by Dr. Wm. M. Scholl, the noted foot specialist. Suffering from corns, bunions, callouses, weak arches, etc., will not be indulged in from now on by those who trade at the Carney Shoe Store.

No extra charge is made for this foot comfort feature, it being a part of the regular service which this store will give to its patrons in future.

HELP WANTED

MISSIONARY FINANCE

DENOMINATIONAL DRIVES ARE POINTING WAY TO TEAM WORK AMONG CHURCHES

The tremendous value of money in any campaign has had such convincing demonstrations during the war that it is not surprising that the captains in the missionary enterprises of the world are imitating the government and accumulating funds for their uplift campaigns now while the people are imbued with the spirit of giving.

As stated yesterday, the Methodists in this and other communities are going over the top in their drive for $105,000,000 to be used in "reconstruction work." The Presbyterians recently launched a similar effort under what they called the New Era Movement," in which they raise $38,000,000 a year for five years, of which $13,000,000 a year is to be used for benevolences and $25,000,000 for the organized work of the churches, with the understanding that as much or more will be pledged annually to carry forward the work thus begun. The budget of the First Presbyterian Church of this city was $6400, with an additional item of $4000 for benevolences, bringing the total pledges for each year to $10,400. On this basis for five years the church would be expending $52,000, but the pastor, Rev. Edmonds, expects the amount to increase each year with the growth of the church.

In this connection Rev. Edmonds says there is a movement among the evangelical denominations to unite in the raising of a great mission fund for the Christianizing and uplift of the world, with a commission to apportion to each church the proportion it should have for its budget. This plan would prevent waste, would avoid duplication and cover a larger field, but whether the churches are prepared for this team work remains to be seen.

CONGRESSMAN KAHN TO REPORT FINDINGS

WOULD HAVE ALL AMERICAN TROOPS BROUGHT HOME FROM EUROPE, BAG AND BAGGAGE

(Special Service to Glendale Evening News)

Washington, May 23.—Representative Kahn of California, chairman of the House military committee, announced today that he favored a standing army of 100,000 men with a system of universal military training. He declared he would present the plan in Congress immediately.

Kahn also declared that he will soon appear before the House and announce the result of his two months' investigation of army conditions in France and demand the early withdrawal of the entire American army from Europe. "These troops," he declared, "should be brought home, bag and baggage. Their work is through and they have no business there. This country isn't a collection agency nor are its soldiers world policemen."

Kahn said there is much dissatisfaction among the troops and that there is ill feeling between the Americans, the French and the British.

(Special Service to Glendale Evening News)

Paris, May 23.—Roland Morris, American ambassador to Japan, has left Tokio for Russia, where he will confer with Admiral Kolchak, head of the Omsk government. It has been authoritatively learned that while the United States still refuses to recognize Kolchak's government, it has prepared an "interesting proposal" for Kolchak. It is understood this proposal is that the United States will recognize the Omsk government if Kolchak will set up a democratic form of government in the territory he controls.

TRUSTEES' MEETING

ENGINEER APPOINTED BY BOARD IS INVESTIGATING COST OF MUNICIPAL PHONE SYSTEM

The Board assembled at 8 p. m., May 22d. All members present.

The minutes of the last regular meeting of May 15, 1919, and of the adjourned session of May 19, 1919, were read and approved.

The application of the Los Angeles and Santa Paula Express Co. for permit to drive auto trucks in the express business over the streets of the city, the hearing of which was set for 8 o'clock p. m. on this date, was, on motion of Trustee Shaw, and in accordance with the request of the applicant, postponed until 8 o'clock p. m. May 29, 1919.

Judge F. H. Lowe, City Recorder, presented to the Board of Trustees with an appropriate speech the Honor Flag, presented to the people of Glendale in connection with the Liberty Loan campaign, on account of the success of the committee having charge of that work. Judge Lowe suggested that the flag be displayed in the public schools of the city as a recognition of the valuable assistance given by teachers and pupils in the work of the committee. Chairman of the Board thanked Judge Lowe, Mrs. Meeker and others who were active in promoting the success of the campaign, and accepted the flag on behalf of the people of Glendale.

A. C. Ullrich appeared before the Board and made a complaint against the operation of the Crystal Ice Co.'s plant on Wilson Avenue near his residence. Mr. Ullrich alleged that on account of noise and the dense smoke frequently produced by the plant and which is disseminated over the immediate neighborhood, that it constitutes a serious nuisance. He stated further that recently several explosions had occurred at the plant. H. P. Coker, proprietor of the establishment complained of, replied to Mr. Ullrich denying in general his assertions. Mr. Coker stated that the alleged "explosions" were merely "back-firing," and that no complaint had been previously received by him from the people in the vicinity during the three years and five months that the plant had been in operation. On motion of Trustee Henry the matter was referred to the Committee of the Whole.

Rev. C. R. Norton appeared as Chairman of Committee appointed by the G. A. R. Post to call the attention of the Board to the coming Memorial Day, and stated that it was desired to have the Trustees call the attention of the people to the exercises of the G. A. R. and other patriotic associations on that date. J. V. Griffin also spoke in support of Mr. Norton requesting that the Chairman of the Board, by proclamation or otherwise, direct the attention of citizens to the day and to its observance here by special exercises to take place at Forest Lawn. He extended an invitation to the members of the Board to attend the exercises and take part in the parade.

Mr. Plume, representing the League of American Defenders, also spoke upon the subject, urging the participation of members of the Board and citizens in general upon this occasion. He stated that upon the program for the exercises would

The beautiful and spacious home of Mr. and Mrs. H. Lee Brown, of 1120 South San Fernando Road, Glendale, was the scene of an elaborate silver wedding celebration May 8th, when Mr. and Mrs. Edward Duley, of Los Angeles, mother and stepfather of Mrs. Brown, entertained nearly fifty guests with a turkey dinner, the table being centered with a ten-pound "Pound Cake" with white and pink decorations. Tel. Co.:—I have on my desk a bunch of slips which were supposed to be enclosed with every bill sent out last month stating that the bill would be increased.

Sub.:—I have been making inquiries and I have found no one yet who received such a **notice. None of** the people I have talked to have said they would refuse to pay an advance in the telephone rate, but they did object to not knowing where they will be able to get off with a ten-cent toll. These telephones of Glendale people are almost their only connection with Los Angeles. They have made us surburban people satisfied to stay here because we could get in touch with our friends and relatives and talk with them and it was a pleasure, but now the telephone is of absolutely no use except as a strict necessity. The merchants of Glendale would be glad to take our orders without our 'phoning them in. If you had made the raise in the exchange rate alone, it would have been a very different thing.

Tel. Co.:—Don't you see that John Smith would be paying Jim Jones' bill because Jim Jones would only use it for local calls, probably, while we would tax the wire for long distance calls. Just consider that this Burleson matter and the State Railroad Commission will probably be

PALMER NOMINATED FOR ATTORNEY GENERAL

SENATORS ANNOUNCE HIGH PROTECTIVE TARIFF PROGRAM—PROHIBITION ENFORCEMENT BILLS

(Special Service to Glendale Evening News)

Washington, May 23.—The President has sent to the Senate the nomination of A. Mitchell Palmer to the office of Attorney General. Palmer is now serving under a recess appointment.

The Senate today passed bills appropriating $45,000 to pay war risk insurance allotments. The bill had already passed the House.

Senators Sheppard and Jones introduced bills for the enforcement of war-time prohibition.

Members of the House ways and means committee announced that they had agreed on a high protective tariff program which will approximately double the present tariff.

COMMUNITY SING

The Community Sing Thursday evening was a very enjoyable and profitable session, during which some fine special instruction was given by the leader, who dwelt especially on relaxation of the throat in singing. He told of his own experience, after he had been singing about three years (and quite proud of himself), always with chest erect and throat perfectly tight. He then went to another teacher, who, after hearing him sing, threw a handful of wheat on the floor. It greatly mystified him until the teacher told him to go on singing, but while he was doing it to pick up every grain of wheat. To accomplish it he had to stoop down and crawl around and other things, but he discovered he couldn't do it and keep his throat tight. It was bound to relax. As relaxation of the vocal organs is one of the doctrines Mr. Kierchoffer is teaching, he recommended that the singers in his audience try it, and train themselves to sing in any position.

The practice work included another rehearsal of Van Dyke's "America for Me," the singing of the "Boola Boola Song" and "Jingle Bells" and the singing for the first time of a song set to an air from "Rigoletto;" also practice on three or four hymns, including "Onward, Christian Soldiers," special drill being given on "All Through the Night," with a fine interpretation of the words; for another primary doctrine with Prof. Kirchoffer is the understanding and appreciation by the singer of the words of the song he sings.

There will be but one more rehearsal of the Glendale chorus before Mr. Kierchoffer leaves for the east, to be gone for a month or six weeks, and it behooves all who are interested in the maintenance of this community affair to come out and show their interest at the meeting and lend a hand in the establishment of the Community Sing as a permanent institution of the town.

BIRTHDAY SURPRISE

Members of the Men's Class of Central Christian Church pleasantly surprised one of their number, Geo. P. Bohannon, of 425 Myrtle Street, last evening, celebrating his birthday. Refreshments of brick ice cream, cake and fruit punch were served. The evening was very pleasantly spent by all. In the afternoon Rev. Dan Trundle, former pastor of the Highland Park Christian Church when Mr. Bohannon was there, but now of the Alvarado Street Church in Los Angeles, together with Rev. and Mrs. C. A. Cole, spent several hours at the Bohannon home.

RED CROSS MEETING

important home service work for the aid of soldiers and their families of which there will be need for some time to come. This brings the public as it brought the Board back to the question of salvage and face to face with the question that the small brick warehouse the Red Cross has been using as a storage place must be vacated by the first of June as it is to be used for other purposes.

The Board is therefore sending out a call for workers, men or women, but preferably men to aid in preparing the papers and other junk contained therein for shipment. A number of persons can be given employment at reasonable compensation and anyone ready to do this kind of work is asked to call at the office of the Red Cross Headquarters.

Another important matter upon which the Board acted had to do with the dispatch of funds to National Headquarters, the Board, by its vote, instructing the cashier to forward to the National treasurer a check for $2500, or about 50 per cent. of its total funds, to be used for Red Cross reconstruction work, etc. A portion of this money is a reimbursement for materials which were furnished the Chapter without charge—in other words, allotments of work for the relief of the destitute of France and Belgium.

settled inside of a month and won't you let your telephone stay in for a month and try it out and see how it works?

Sub.:—No. The telephone has ceased to be a pleasure and consequently it isn't worth the price for the amount of business we do. I am also finding out that this is having an effect on the real estate of the city because several people I know are holding off from renting or buying until they see what the outcome is. What are you going to do when the municipal system goes in?

Tel. Co.:—That will be several months in maturing and they will find when they come to get materials for construction that they are going to be up against things they had not figured on.

LA CRESCENTA

Thursday, May 8, was Victory Loan Day at our school, and the pupils wrote essays and papers on the topics of the day and these were read at an assembly meeting. The following was written by Robert Lee Potts of the fifth year:

Victory Loan.

"Do you think of buying more bonds? Just think, California has to raise $197,427,300.00. France, Belgium, Russia and a part of Italy and also Germany are starving. They must be fed. Then there are our own soldiers over in Europe. The wounded must have medical treatment, and the American heroes over in France and Belgium must be brought home and not left in the trenches. There are soldiers in Germany, too, and they must be clothed and fed. All this will take money. The government is issuing a Victory Loan. The first loan brought us into the war. The second gave us ammunition. The third won battles. The fourth won the war. Now we will have to dig way down in our pockets and help pay for these things, help keep France from starving and bring our soldiers home safely. As this has to be done, everybody should do their bit in buying Victory bonds. If you don't, you will be taxed by the government. If you buy bonds you will get four and three-fourths per cent interest. It is the safest investment you can find, for, remember, America always pays her debts."

This one was second and was written by George Lowe:

The Victory Loan.

"The war is now over, but our bills are not paid and our work is not yet completed. Only the armistice was signed November 11, 1918, so we must keep our troops in France until the peace treaty is signed. There are still one and one-half million men in France, waiting to come home, and money is needed to help the wounded soldiers. If an artificial arm or leg is needed the government will furnish it and keep it in repair. This is one of the reasons for the Victory Loan. While a soldier or sailor is in training his dependents are cared for at the expense of the government. Millions owed by our government still remain to be paid for, ships, munitions and equipment. The first three Liberty Loans got our boys ready and sent them "over there," the Fourth kept them there, and the Fifth or Victory Loan is to bring them back. Part of this money will be raised by taxation. Taxes are put on incomes, business, transactions of different kinds, luxuries, amusements and telegraph messages. Now the question is, How are we going to raise the money? There is only one way and that is for every true American to make the greatest effort to buy one or more Victory Bonds."

Don't forget the dance tonight. Admission only 25c, and there will be good music, a slick floor, lots of fun and a big crowd, so you will miss it if you forget to come.

A very pretty home wedding was solemnized on Friday, May 9. Miss Nell M. Miller, only daughter of Mr. and Mrs. C. D. Miller, was married to W. C. Lamott. The officiating clergyman, Rev. Mott Mitchel, was a personal friend of the groom. The ceremony was held on the porch, which was beautifully decorated with pepper boughs and purple lupin. Only the immediate families and a few college friends were present. After an extended trip through the east and a short stay in Nevada, the home of the groom, the happy couple will sail in August for Japan, where they will enter the missionary field.

There are thrift stamps on sale at the post office. Remember these little two bit stamps are real money-makers, and one a week will soon give you a war savings stamp that is good for $5 in 1923 and this month only costs $4.27. Some interest for your money. Get busy.

Picture show Friday, May 30. Admission free! Get that? Everybody come. A splendid picture, "Loaded Dice," and a comedy, "Look Out Below." Also community singing. "Loaded Dice" is a Pathe production with Frank Keenan in the title role and with a fine cast. It is not a love story, but abounds in thrills. You cannot afford to miss this—and it is a free show. No admission fee will be charged, so come out and enjoy yourself. Bring the children along, too. And on June 27 "Mickey" is coming. Keep the date open. It is Mabel Normand and it's the very finest thing she has ever done. Don't let anything interfere with that night, Friday, June 27.

Mrs. S. B. Young, who has charge of the relief work of the Woman's Club, has turned in thirty completed garments, mostly dresses, for the next shipment to France.

Mrs. Fred Anderson entertained at luncheon on Tuesday Madame Bissell of Grand Rapids, Mrs. H. S. Bissell and Mrs. E. N. Nettleton.

IN BAD

A merchant in a near-by town has about decided to go out of business since he wrote an "ad" for the local paper in which he expounded upon the vast crowds of customers that visited his store. The printer made the mistake, but as the merchant read his own proof, he has no alibi. Anyhow, here is his statement as it appeared to the townspeople:

"If you could have seen the crows that flocked to our store yesterday you would realize that the picking is good on our bargain counters."

How on earth can he ever expect to square himself with the ladies who visited his counters upon that fatal day?—Wichita Eagle.

CENTRAL CALIFORNIA CAMP MEETING

VISALIA, Cal., May 23.—Pastor J. W. Christian, of Glendale, president of the Pacific Union Conference of the Seventh-day Adventists, will be one of the leading ministers of that denomination to attend the annual camp-meeting for Central California, which is to be held in the Tulare County Park, known as Mooney's Grove, four miles south of Visalia, May 29th to June 8th. Pastor J. Adams Stevens, of Glendale, home missionary secretary of the Adventists; B. M. Emerson, secretary-treasurer of the Pacific Union Conference, and W. C. Raley, of Glendale, auditor for the Adventist conferences and institutions on the Pacific Coast, also are to attend the big meeting here. Leading representatives of the denomination from Washington, D. C., and from Massachusetts and Arizona also will be present.

Pastor H. S. Shaw, of Fresno, president of the Central California Conference, says he expects this to be the largest camp-meeting the Seventh-day Adventists ever have held in this section of the state. He says the fine grove furnishes ample shade, that the large dancing pavilion will be used for a dining hall, being well screened and in fine shape, and that the drinking water is the very best, being pumped from deep wells and convenient to the camp.

The Seventh-day Adventists have made the grove a veritable tent city. Four mammoth "tops" have been pitched, in the larger of which will be held the general meetings of the camp. The others will be used for young people's and children's meetings and for the meetings in Spanish and Scandinavian. In former years no Spanish meetings have been held in connection with the Adventists' camp-meetings in Central California, but this year the conference has fortunately secured the services of Pastor J. E. Bond, of Phoenix, Ariz., in charge of the Spanish-speaking work of the denomination throughout America.

Besides the large circle tents, equipped with electric lights and well seated with comfortable chairs, the Adventists have pitched upwards of 200 family tents, the "city" being laid out in regular order, with streets and avenues. A grocery store will be in operation for the accommodation of the camp, also a book and stationery tent and postoffice.

Arrangements have been made for an auto stage to meet all trains both over the Southern Pacific and Santa Fe, conveying persons direct to the camp-ground. This will be a great convenience, as many will come by train, besides those who come by automobile.

Among the prominent leaders of the Seventh-day Adventist denomination who will attend the big meeting will be Pastor F. C. Gilbert, of South Lancaster, Mass.; Pastor W. W. Eastman, of Washington, D. C., assistant executive secretary of the publishing department of the General or World Conference; Prof. Marion E. Cady, of Oakland, Cal., educational superintendent of the Pacific Union Conference; Pastor W. W. Ruble, executive secretary of the young people's department, Pacific Union Conference; Pastor M. N. Helligso, chaplain of the St. Helena (Cal.) Sanitarium; Prof. C. W. Irwin, president Pacific Union College, St. Helena, Cal., a large Adventist institution; Prof. William G. Wirth, professor of Biblical exegesis, Pacific Union College; Pastor S. T. Hare, Fresno, Cal.; Pastor B. L. Howe, Bakersfield, Cal.; Pastor F. E. Brown, Hanford, Cal.; Pastor R. R. Breitigam, Fresno, Cal.; Pastor Frank Weeks, Madera, Cal.

TAX ON NIGHTIES

(By United Press)

NEW YORK, May 22.—Good morning, have you paid your nightgown tax?

Yes, the nightie-nightie is a luxury, and local tax collectors are being bombarded with requests for information, down to the barest details.

But, it should be explained, the nightgown tax applies only to the five dollar kind. The difficulty is that nighties costing less than that are practically obsolete. Anything under five bills, according to authorities on the subject, is of ancient Gothic design, square cornered, canvas material, plain white or vanilla in color, turned out in lots of a thousand at a time by the simple process of taking a bale of sail cloth and stamping out a hole for the neck and shoulders.

GERMAN POOR LOSING FAITH

By FRANK J. TAYLOR
(United Press Staff Correspondent)

BERLIN, (By Mail).—The German upper classes are gaining religion while the lower classes are losing faith, according to Father von Dreyanda, minister of the former royal Protestant cathedral in Berlin. Father von Dreyanda was the confessor of the Kaiser, and will be remembered for his sermons and prayers that the world might be baptized and saved through the German sword.

Father von Dreyanda says the Kaiser is an innocent, religious and pious man. The minister says he ought to know, because Wilhelm poured out his heart in his confessions. Wilhelm's life was perfect and most sincere, declares his confessor. He has written a brief book in the hopes that it will help put the ex-Kaiser right with the world.

The Berlin Protestant temple is crowded every Sunday that the district near the former royal castle is quiet enough to permit services. The same is true of other churches of all sects where the wealthy or middle class attends services. More of them are going to church than ever before.

But in the poorer districts the churches have had to close, practically, because nobody will come to them. It is not a matter of expense, since the state supports churches. Father von Dreyanda says it is due to the radical political meetings held everywhere and whenever workmen are not occupied otherwise.

According to Father von Dreyanda, the church is having a hard time getting free from the new state. The Kaiser was formerly head of the church in Germany. When he was deposed the churchmen said they needed no earthly head. However the new republic officials claim they should control the church, since the state supports it.

The state will allow German churches several million marks yearly for fifteen years. At the end of that time the churches plan to be established as self-supporting institutions in Germany.

LA CANADA

The Ladies' Aid will serve a family dinner in the dining room of the church Wednesday evening, May 28, at 6:30 o'clock. Every one in the Valley is invited. Come and partake of an appetizing, home-cooked dinner at a reasonable cost, and enjoy a social evening. The price to adults will be 35c, children 20c.

Paul Oliver of Homewood Avenue had an accident with his car on Wednesday, a misfortune which will keep him in bed for a few days.

The L. C. C. C. met at the parsonage on Monday evening. The meeting was devoted to the initiation of new members.

La Canada rejoices with the parents of two more soldier boys, Sidney Ellis and Manton White, both of Michigan Avenue, who have recently returned from overseas. Manton was kept in New York for several days, as the band of his regiment, in which he is a flutist, played in the interest of the Victory Loan campaign.

Miss Florence Pate celebrated her fifteenth and Miss Joyce Stephens her thirteenth birthday at a joint party given at the home of the former on Saturday evening, May 17. The first part of the evening was given over to the good old game of "hare and hounds." The young people had been instructed to wear old clothes, so it was an array of farmers and farmerettes who dashed over hill and dale until the prey, notwithstanding many false scents, was tracked home again. After that came a program in which all took part, and much cleverness and originality were displayed in the various stunts presented. The one given by Joyce, Faith and Jonathan Evans, entitled "The Marionette," was voted worthy of a first prize. The Chinese duet sung by Edwin and Jarvis Earl, with Adams Bolton at the piano, also won a prize. The consolation prizes were forgotten, but nobody cared. Ice cream and cake completed the program. Guests, other than those mentioned, were: Violet Hall, Roma Penfield, Freda Potts, Emily Earl, Lois Griffin, Honore Griffin, Paul Van de Grift, Chassee Earl, all of La Canada, and Miss Anne Thompson of Los Angeles. The young hostesses were the recipients of many pretty gifts to commemorate the event.

Friends of Dr. Eversole, who has been in Red Cross work abroad, have received a cablegram from him from Pons, saying he will be in New York May 28 on his way home. In company with three nurses, he had just conducted a party of convalescents from Siberia to Prague.

Remember the entertainment for the benefit of the Foothill Orchestra, at the school auditorium, Saturday evening, May 24.

EXPLOSION BANQUET

Thursday evening members of the editorial staff of the High School paper, "The Explosion," enjoyed a banquet in the school cafeteria, prepared and served by one of the cooking classes under direction of the instructor, Miss Hanson. It was a delicious meal and began with a tempting appetizer in the shape of freshly-plucked strawberries in a nest of powdered sugar. The substantials of the menu were: Roast beef and gravy with mashed potatoes, hot rolls and butter, creamed peas, and for dessert an original confection invented by Miss Hanson called the "Explosion Special," which consisted of layers of sponge cake with a filling of ice cream and a dressing of hot chocolate sauce. The editors report that it was "lickin' good."

At each of the sixteen covers was a place card bearing a reproduction of the "Explosion" heading.

Following the dinner were toasts, Frank Balthis responding to "The Make-up;" Dan Campbell to "The Editor;" Guy Bennett to "Organization;" Robert Carmack to "House Business," and W. D. Root to "The Censor." There were also three impromptu toasts, one by John Worley to "The Menu;" Leon Wise to "Sports" and Ralph Hutchinson to "The Seniors."

Philip Wernette then made an appropriate response to the toast, "The Explosion, Past, Present and to Come," in which he announced candidates for the editorship next year as follows: Carroll Parcher, Victor Colburn and Dan Campbell. This is an elective office filled by the vote of the student body.

Elder J. W. Christian, of the Pacific Union Conference, left Thursday for Phoenix, Arizona, to attend a meeting of the Arizona Conference. Prof. M. E. Cady, of Oakland, who is in charge of Adventist educational work in this field, and who passed through Glendale Wednesday, is also on his way to Phoenix.

Pastor W. F. Martin of the Pacific Union Conference, is planning to spend the summer in Western Washington and British Columbia, where he goes to attend the British Columbia camp-meetings. He will leave for that field about the first of the week.

The Live Cole Class of the Central Christian Sunday School held the usual monthly business and social meeting last night with Miss Dorothy Webster, one of their number, at her home, 208 W. Elk Ave. After the business program was attended to, games and refreshments occupied the remainder of a very pleasant evening.

G. F. Latter, whose home is at 1234 South Boynton Street, is now in San Francisco, where he has accepted a position with a mercantile establishment. His wife and family are considering moving to the Bay City, after the closing of the High School in which Doris Latter is a student.

Miss Anabel McClellan, daughter of Mr. and Mrs. J. B. McClellan, has completed her year at Mills College, San Francisco, and returned to Glendale yesterday with Mr. and Mrs. Graham and their grand-daughter, Marcella Orth, who motored, last week to the Bay City where Miss Orth was the guest of Miss McClellan.

Chas. E. Shattuck of 605 South Central Avenue, who had been conducting a dairy on his ranch near Burbank, recently acquired a large ranch in the Imperial Valley and this week he moved his 30 cows down there. Milk will be sold to the creamery companies. Mr. Shattuck will devote his Burbank ranch to alfalfa and hog raising.

It has been announced that a very large delegation will go from Southern California to the state convention of Parent-Teacher Associations and Congress of Mothers, of which Miss Cora Hickman of this city is corresponding secretary and Dr. Jessie Russell is president. Mrs. A. A. Barton will be there to represent the Federation in this city, and possibly other Glendale women. It will take place next week at Santa Cruz.

Mr. and Mrs. Fred Goetz arrived Monday from Laramie, Wyoming, to visit at the home of Mr. and Mrs. John Goetz, 721 South Brand. They are so delighted with Glendale they expect to make their permanent home here, for they are elderly people and ready to settle down in a pleasant place where they can be near their relatives. They expect a daughter, Mrs. James Hunt, and her husband, to arrive in about two weeks to locate in Glendale if they like it after a sufficient inspection.

This morning at 8:20 the cooking classes of the Domestic Science Department of Glendale High went to Los Angeles under the conduct of their instructor, Miss Hanson, to visit Bishop's establishment, Los Angeles Creamery, where they were to have lunch in its cafeteria, and this afternoon the "Perfection Bakery." They will probably be allowed to thoroughly inspect all these establishments and gain a good many ideas of food preparation on a large scale.

Dr. Whytock, of 411 N. Jackson, states that his son, Lieut. Norman Whytock, has been mustered out of the army service and is now in New York visiting his brother, Captain Whytock, who is in the Intelligence Branch of the service. Lieutenant Whytock is expected to reach Glendale and home very soon. Captain Whytock does not know how long his branch will be continued but when he is discharged from the army he will probably remain in New York where he was established in newspaper work before war was declared.

FAREWELL SURPRISE

Mrs. Jennie B. Doxsie was the honored guest Thursday at a farewell surprise luncheon at the home of Mrs. Roy L. Kent, 522 North Central Avenue, given by the members of the R. T. W. class of the First Baptist Church, of which Mrs. Doxsie is the teacher. She is to leave soon for a two months' vacation and her class took this plan of showing their appreciation and love for her. The luncheon table was decorated in red fuchsias and ferns. Following the delicious luncheon and a handkerchief shower for the guest of honor she was escorted to the church where the Sunday School class room had been newly tinted and furnished as another surprise for her.

The ladies who assisted in this happy surprise were Mesdames Doxsie, Myrtle Chase, Elizabeth Kent, Hallie Stamps, Pauline Russell, Lee Galvin, Roberta Olin, Katherine Gray, Betsy Abbey, Lydia Coles, Frances Morrow, Grace Ely, Bertha Howard, Eva Bentley, Louise Bentley, Jean Lohr, Gray, Ruby Kalbaugh and Miss Beatrice Doxsie.

STATE AND OTHER P.-T. A. CONVENTIONS

Next week, the twentieth annual convention of the California Congress of Mothers and Parent-Teacher Associations will be held at Santa Cruz, Cal., May 27th, 28th and 29th. Southern California and Glendale in particular is well represented in this organization of which the corresponding secretary is Miss Cora Hickman of this city, and the president, Dr. Jessie Russell, who returned Saturday from attendance on the National convention, which was a wonderful gathering, and at which she was made chairman of three important National committees. California received more recognition than any other state as Mrs. Jeremiah Rhodes of Pasadena was made chairman of Americanization and Mrs. C. C. Nobles was re-elected chairman of membership. The National convention will probably come to Los Angeles for its next meeting if the invitation is extended. Dr. Russell has not fully recovered from influenza and the attack of pneumonia which followed it, but expects to be able to attend the State convention. Mrs. A. A. Barton will attend as the delegate of the Parent-Teacher Federation of this city.

AN AUTO DE LUXE

About the prettiest thing in the shape of an auto ever seen in Glendale is the car de luxe recently acquired by H. L. Miller, the real estate man. It is a Dodge Brothers' car that was in a recent auto show and it is polished and upholstered like a Pullman palace car. The engine is of unusual power and almost noiseless and the machine rides as smoothly as if cradled on wool. The body and rounding top are painted a rich deep maroon, and in the sides are plate glass windows. The upholstering is in finest leather and plush, while mirrors and electric lights add to the luxury. Wind deflectors assure absolute comfort to the driver. Many comments have been made on the beauty and comfort of this superb car.

JUBILEE DAY

BIG PLANS MATURING FOR CELEBRATION OF CENTENARY SUCCESS AND DEBT DRIVE

Rev. Charles H. Scott, pastor of the First Methodist Church of this city, in his report of the drive and the proposed effort to raise the church debt, says that plans are going forward very rapidly and that more and more people are expressing their intention in advance of at least duplicating their centenary subscriptions toward the debt.

Tonight (Friday) the official board and the canvassing teams are to meet for a final conference before the jubilee service of Sunday, and one thing upon which they have already decided is that subscriptions to the debt shall be placed upon the same basis as the Centenary subscriptions, viz., they shall be payable by the week. That policy will make it possible for small subscribers to meet their obligations and at the same time it will not interfere with large subscribers who wish to pay in a lump sum.

A novel feature of the whole debt movement will be the installation of a "Debtometer," which is a mammoth auto speedometer adapted to the purpose of registering the progress made by the church in raising the debt. It will be hung in the auditorium in the center in sight of everybody and on its face will be indicated the original cost of the church building, approximately $45,000 and the amount of the indebtedness June 1, 1919, which is $27,000. In the mileage spaces on the Debtometer will be indicated the total amount paid on the debt to date, the balance still due on the debt, and the indicator hand will point to the amount paid on the previous Sunday towards the debt. This will give full information to everyone as to the exact status of the debt at any time and it is believed it will be a great inspiration to the congregation to see its debt melt away.

Commenting on the sentiment of the community toward this effort, Rev. Scott said: "We have a great deal of confidence in the sympathy of the community at large in this general movement because our church two years ago showed its faith in the future of Glendale by putting up a building which indicates to everyone passing through the town the expected growth and character of the community. We believe that not only the membership of the church but every progressive citizen of Glendale wants to see that edifice free from debt, and an opportunity will be given to friends outside of the church to help in this worthy movement.

"The church will be open to its members and friends from 9 o'clock Sunday morning to 9 in the evening and there will be a practically continuous program of services and social fellowship."

NOTICE TO RED CROSS KNITTERS

Red Cross knitters are requested to return to headquarters of the Glendale Chapter all garments now out, whether finished or not, and all Red Cross yarn, as shipments of all wool stocks and materials will be made the first of next week.

THE DEATH OF JOSEPH RENSHAW

Joseph Renshaw, who dropped dead yesterday morning at his home, 362 W. Lomita Avenue, while watering the lawn, was 55 years of age. He was born in Baltimore, Maryland, Sept. 21, 1863. On May 27, 1896, he married Miss Bessie Clotworthy, also of Baltimore. They came to California in 1912, settling in Glendale. They bought the home still occupied by the family, and Mr. Renshaw engaged in the work of public accountant. About a year and a half ago his health failed and it was found that his heart was affected. Mrs. Renshaw was warned that he was likely to die suddenly, any moment. Besides the widow, two children, William C. and Miss Katherine, are left, also two sisters living in Baltimore and a brother in Pittsburg, Pa.

Funeral services will be held tomorrow afternoon in the Little Church of the Flowers. The remains will be cremated and the ashes sent to Baltimore for interment.

An application was presented from F. A. Herman of 304 North Geneva Street for permission to sell milk, which was, on motion of Trustee Henry, granted.

A communication was read from H. A. Massey, attorney representing G. Gai, and Victor and Felice Campanella, owners of land lying immediately west of the intersection of San Fernando Road and Colorado Street. The writer stated that during the last few years this property had been damaged to a considerable extent by storm water diverted from its natural course on to the property of clients. He requested that the situation be investigated, and expressed a desire to discuss the matter with the Board of Trustees, and determine what is best to be done.

On motion of Trustee Shaw the matter was referred to the City Attorney and the City Engineer for investigation and report.

Application was read from H. R. Miller for permission to install a fifteen-ton wagon scales in the street in front of the Tropico Feed & Fuel Yards, 1507 San Fernando Road. The chairman suggested that the Public Works Committee join with the City Manager in an investigation of conditions at the place referred to and that action be deferred.

A communication was read from Winifred F. Marr stating that she had been unable to see a copy of the contract between the city and the successors of the Newport Co. in Verdugo Canyon, in regard to water rights and so forth, the same not being in the possession of the City Clerk. The writer requested that the contract be filed with the City Clerk for public inspection.

Communications ordered to be filed.

The time of protests to be received against the opening and widening of Orange Street having expired on May 17, 1919, a number of protests which had been received were presented to the Board by the Clerk, and on motion the time of hearing the same was set for 8 o'clock p. m. on June 5, 1919, on motion of Trustee Shaw.

The following motion by Trustee Shaw was adopted on roll call, all voting aye:

That for the purpose of reimbursing the Insurance Reserve Fund for sums heretofore transferred from said fund to the funds hereinafter mentioned, the following sums be transferred to said Insurance Reserve Fund:

From General Budget Fund	$2,719.46
From General Service Fund	90.36
From Public Service Fund	2,400.00

The City Manager requested that action be deferred on the suggestion made by him at the last regular meeting of the Board in regard to the manner of handling traffic at the junction of Broadway and Brand Blvd. He reported that the Improvement of East Broadway is practically completed, and it was informally agreed that the Trustees make a personal examination of the improvement.

The Engineer of the Public Service Department reported that Mr. Irwin, the engineer appointed by the Board to assist him in an investigation for the purpose of securing data for report in regard to proposed municipal telephone system, had commenced work on the matter.

In reference to this subject the City Attorney stated that no decision had yet been given out by the United States Supreme Court in regard to the case brought before it bearing on this subject, and he is still of the opinion that pending the receipt of this decision no action need be taken by the city.

The Railroad Commission has ordered the Telephone Company to put the collections made on the disputed bills into a special fund, so that in case a decision of the Supreme Court is against the Telephone Company the excess money be refunded.

The City Attorney stated that he had attended the hearing of the San Diego case in the Federal Court in Los Angeles, which had been continued pending the decision of the United States Supreme Court.

In reference to the suit brought by certain parties to have the annexation of the Grand Avenue district declared void, the decision of the court had been in favor of the City of Glendale, confirming the annexation of the district.

The City Attorney reported that he has filed final judgment in the matter of the opening and widening of Sycamore Canyon Road.

The City Attorney stated that the City Attorney's Association of Southern California would hold a special meeting at 2 o'clock p. m., May 24, 1919, in the Los Angeles City Hall, to consider the matter of the pending application of the Pacific Electric Ry. Co. for permission to increase rates, an invitation being extended to city officials generally to attend.

The City Attorney had prepared a resolution which was offered by Trustee Woodberry, and adopted by roll call, all voting aye, as Resolution No. 1076. A resolution of the Board of Trustees of the City of Glendale determining that the public interest and necessity demand the acquisition by said city of the following improvement, to-wit: The necessary land whereon to construct, and the construction and completion thereon of a public assembly and convention hall; the cost of which will be too great to be paid out of the ordinary annual income and revenue of said city.

Trustee Shaw in voting on the above resolution made the following explanation: "I desire to state that I vote for the foregoing resolution regarding the necessity of a public assembly hall in deference to the request of a large number of citizens of Glendale, and to facilitate the calling of a bond election therefor, as requested by them, and do not thereby commit myself to the support of said bond issue, either individually or as a High School Trustee, believing that provision for such an assembly hall should properly be made by the High School."

Trustee Jackson presented a resolution which was adopted on roll call, all voting aye, as Resolution No. 1077. A Resolution of the Board of Trustees of the City of Glendale determining that the public interest and necessity demand the acquisition by said city of the following municipal improvements, to-wit:

First, the acquisition of land and improvement of same for a public park and playground.

Second, the acquisition, construction and completion of certain municipal improvements in connection with the combined development, operation and improvement of the water works and system and the electric light works and system of said city, to-wit: Lands, wells, pumping plants, pipes, pipe lines, meters, reservoirs, reservoir sites, water rights, poles, pipe line rights, and a hydro-electric generating plant for the purpose of generating electricity.

The cost of each of which improvements will be too great to be paid out of the ordinary annual income and revenue of said city.

Following demands were reported approved by the Finance Committee and warrants ordered issued in payment of the same on motion of Trustee Shaw.

On motion of Trustee Shaw the City Manager and the City Clerk were instructed to secure polling places and election officers for the coming bond elections.

An ordinance which had previously been read first and second times was, on motion of Trustee Shaw, read the third time and adopted on roll call, all voting aye, as Ordinance No. 350. An Ordinance of the City of Glendale repealing Ordinance No. 201 entitled: "An Ordinance of the City of Glendale regulating the construction, alteration, repair, moving and demolition of buildings and the use thereof, providing for the issuing of permits for same, establishing fire limits and providing for the demolition of buildings and other structures dangerous to life or property, and providing a penalty for the violation thereof" and "repealing Ordinance No. 42 and all other Ordinances in conflict therewith" by amending sections 21 and 22 of Ordinance 201, and adding section 78 thereto.
